# Company Overview

Bo-Mamohlala projects was established during 2003 by 100% historically disadvantaged individuals to participate in the professional Civil Construction, Building, Mining, Plant hire, Transport and other related service sector. The company registration number is 2003/043009/23 and the VAT no is 4150215871.

Our business growth and sustainability is determined by forming partnership with other business, delivering quality services to the municipalities, mining companies and ensuring that we are a contractor company of note. Ensuring that we participate in various tender processes when invited and uplifting the community's where we work contributes greatly to our sustainability.
